

Appeal For Blood Donors

The supply of life-saving plasma in Crawford County is dangerously low, Dr. Harlan D. Anderson, Director of the Michigan Department of Health, Blood Division, Lansing, Mich., stated. Plasma and plasma fractions are used regularly in our hospitals to save lives of people undergoing emergency treatment as those hurt in accidents or fires, and those being treated for certain illnesses. They are yet needed to meet the emergency needs. There is no longer enough to meet daily needs, to say nothing of a possible emergency. The county quota is 10 pints plus 47 pints that the county is in arrears.

Plans for a community blood plasma procurement center have been made by the local chapter of the American Red Cross and the Crawford County Blood Bank. These centers are to accept donations of blood which will be processed into plasma and fractions and returned to this community for use by our citizens. There will be no charge for these products at the patients will be expected to pay for any professional services incidental to their use.

Clinics will be held on August 11 in the Michigan Memorial Church basement building, Michigan Avenue, from 11 A. M. to 3 P. M. Everyone is urged to register Thursday, August 6th in order that a schedule may be set up and necessary waiting at the clinic eliminated. Appointment notices will be mailed as soon as registrations are completed. You may register at one of the following places: Mercy Hospital Lab. 2921 E. 1st, or Mary Jorgenson 4781 E. 1st.

Indiana Guard Holds Review

Service battery of the 139th Field Artillery Battalion, 39th Infantry Division, Indiana National Guard, Saturday was awarded the Eisenhower trophy as the 1952 outstanding National Guard unit in Indiana.

The presentation was made by Maj. Gen. Jesse E. McIntosh, of Tipton, commanding general of the 39th, at the division review here Saturday afternoon. The troops were reviewed by Indiana State Auditor Frank T. Mills, representing Gov. George N. Craig of Indiana.

The review closed the first week of summer field training for the Indiana Guardsmen, who arrived here a week previously to begin their third consecutive postwar summer training period at Grayling.

Thursday more than 20 Indiana businessmen and manufacturers who employ Guardsmen flew to Grayling in planes or the Indiana Civil Air patrol and observed the men they employ while the Guardsmen were training in the field.

The first week of training has seen division units busy on the Grayling firing ranges, with both small arms and crew-served weapons. There have also been special basic recruit schools, set up to "ground thoroughly the individual in basic military subjects and firing with individual weapons."

This last week troops have also attended special signal, motor maintenance and chemical warfare schools, and have undergone intelligence training.

The division, at Grayling, is following a 44-hour training week. There are 125 units here, from 65 Indiana cities and towns. Training closes next Sunday.

Bernard Riley, 54, of Grayling, an employe of Mercy Hospital, is a patient at the hospital suffering from injuries received when struck by a motorcycle last Thursday night.

Riley was reported in "satisfactory" condition at the hospital, where he is suffering from a fractured leg, lacerations about the head, right hand and arm.

Crawford County Deputy Sheriff Harold Hatfield, Jr., of Grayling, and Arthur Clough, who investigated, said Riley was walking across US-27 near the business section when struck by the motorcycle driven by Sgt. James Stanley Peters, 24, of Indianapolis, Ind. Sgt. Peters is at Camp Grayling with the Indiana National Guard.

Discuss Needed Room In School

At a recent meeting, the Grayling Board of Education invited the Township Board, the County Library Board and the City Council to meet with them. The purpose of the meeting was to discuss plans for enlarging the High School and developing a community building.

The Board of Education has been aware of the rapidly increasing enrollment and for some time now has been working on the best possible plans to meet the needs of the community.

The best plan so far seems to be the one in which a new building would be built on the property acquired by the Board across from the High School on Spruce Street. Such a building would contain a Band and Music area, a community kitchen and service area, a gymnasium with a stage and a school library and Township Hall.

The construction of such a building would make it possible to convert the present gym into two stories with much needed Homemaking and Hot Lunch facilities on the lower floor and good class rooms with lavatories and lockers on the second floor.

Mr. Paul Hazelton, architect from Traverse City explained the possibility of getting all the proposed building on the three lots and showed why it would be necessary to use part of Spruce Street and the site of the present Town Hall if all the above mentioned facilities were to be included in the project.

After much discussion by the group, the Board of Education asked the City Council to investigate the possibility of closing Spruce Street between Ottawa and Ogema Streets in order to make room for the building in case the people should decide on that plan. The Township Board was asked to consider the County Library and Township Hall ideas and the County Library Board was asked to find out about the possibility of incorporating the County and School libraries.

There is no question of the need for a larger school. The High School is very much overcrowded. Over 300 students are crowded in lockers and class rooms meant for 200 pupils. Present class rooms are no longer adequate. The Homemaking, Shop, Hot Lunch, Band and Science rooms are too small and outmoded. Something will have to be done in the very near future.

If Grayling is to keep up with the rapidly increasing school enrollment and the changing of the times.

The Board of Education has been working carefully toward the best solution. This meeting was the first one but as the Board develops something more concrete it is planned to discuss them with all the organizations and groups possible.

Bishaw-Golnick Vows Spoken

On Saturday morning, August 1st, at ten o'clock, Miss Sally L. Bishaw became the bride of Harold W. Golnick. Fifty guests attended the nuptial high mass sung at St. Mary's Church. Rev. Fr. John A. Breitenstein performed the ceremony and music was furnished by the church choir. "Ave Maria" and "On This Day Oh Beautiful Mother" were the selections presented. Miss Greta Rasmussen presided at the organ.

Sally, a Grayling High School graduate, is the daughter of Mr. and Mrs. Fred Bishaw. Harold, son of Mr. and Mrs. William F. Golnick, also attended Grayling High School. Entering military service in 1948 he has seen action in Japan and Korea.

The bride was given in marriage by her father. Her gown was white, ballerina length of nylon illusion over taffeta with a fitted bodice of embroidered organza. She wore a taffeta bolero and matching wrist length mitts. A lace crescent trimmed with pearls held her shoulder length veil of nylon illusion. She carried white gladioli on a prayer book.

The church was decorated with yellow and white mums and during the ceremony the bride placed a bouquet of white mums and blue delphinium on the altar of the Blessed Virgin.

Mrs. Robert Holzman of Lansing was her sisters matron of honor and Miss Rita Vignaw and sisters of the bride, Mrs. James Duley of Midland and Mrs. James Baker were bridesmaids. They wore identical turquoise ballerina length gowns of nylon illusion and lace and carried arm sprays of yellow gladioli. Another sister of the bride, Suzanne Bishaw, was flower girl and wore a yellow taffeta gown with a sweetheart neckline and a nylon illusion over skirt. She carried a nosegay of garden flowers.

John Rasmussen was best man and James McGuffigan of Lansing, William Cox and Claude Golnick acted as the groomsmen.

Mrs. Bishaw wore navy and white for her daughters wedding and Mrs. Golnick chose rose and white. Each wore a corsage of pink and white carnations.

Following the ceremony, breakfast was served to the immediate family and the bridal party at Failings Restaurant. A reception was held at the American Legion Hall in the evening.

For their wedding trip through Northern Michigan, the new Mrs. Golnick changed to a green and white silk print and white accessories. Upon their return the newlyweds will be at home at 801 1/2 Chestnut Street.

Out of town guests at the wedding and reception were present from Lansing, Detroit, Midland, Roscommon, Marquette and Newport.

Large Crowd Attends Movies

A very large crowd of Grayling people and summer visitors attended the showing Monday night on the Court House lawn of the AuSable River movies of Mort Neff.

Preceding the program Mr. Neff and Ben Hardesty, national ball casting champion were guests of the Kiwanis Club of Grayling for dinner at the Grayling Golf Club. Following the dinner served by members of the Golf Club Auxiliary, Mr. Neff spoke briefly on his television show, "Michigan Outdoors". He was introduced by Grover Cason who was in charge of the program and who made all of the necessary provisions at the Court House for a fine show.

The entertainment began with a band concert by the 35 member Ohio National Guard Band and which Mr. Hardesty gave a thrilling exhibition of ball-casting. He brought cheers from a crowd estimated to close to a thousand with some of his daring feats with a ball.

Following this three movies were shown. The first reel was that taken of the 1951 Michigan Canoe Championships on the AuSable from Grayling to Lake Huron. The next was the reel in full color taken by Mr. Neff and shown on television recently. This picture featured a float trip down the AuSable River. Both movies were narrated by Mr. Neff as they were shown. The third picture was entitled "Fishing For Fun" and featured Mr. Hardesty and was narrated by Jack Van Couvering, Detroit Free Press outdoor writer.

Grover Cason who handled all arrangements for the showing said that through the efforts of Colonel Kelly and Major Dunlap of the Ohio Air National Guard, the Air Guard Band was secured. He also added thanks to City Manager Russell Carlson for aid in arranging lighting and power wires to the lawn for the lighting up of the area and to run the movie projector.

Guests during the past week of Mrs. Louis Kesseler were Mr. and Mrs. Louis Cole (her nephew) of Mrs. William Cassidy and children Sarah, Kathleen, Patricia and Billy of Midland.

Seven separate automobile accidents caused extensive auto damage but only slight injury to four persons from Saturday until Tuesday in Crawford County, according to Sheriff John A. Pappendick who investigated the mishaps.

On Monday, a car being driven by Shirley A. Rasmussen of Grayling rolled over on the North Downriver Road about a mile east of Grayling. The car was badly damaged and Miss Rasmussen received cuts on the forehead and bruises. She was treated at Grayling Mercy Hospital and released.

At about noon Monday a car driven by Cranston Jones of Birmingham and another by Mrs. E. A. Mason of Lake Margrethe were in collision at the junction of M-93 and M-72 west of Grayling. Both cars were severely damaged but no personal injuries were reported.

Early Tuesday morning a car being driven by Delbert Johnson of Grove City, Ohio, who is in training at Grayling with the Ohio National Air Guard, turned over on US-27 south of Grayling. Again the car was extremely damaged but no personal injury resulted from the traffic mishap.

Shortly before noon Tuesday, a car being driven north on US-27 by Scott Stopp of St. Ignace rolled over twice when he was overtaking and passing another car and his vehicle skidded on the rain-soaked blacktop pavement. Stopp was alone in the car and was taken to Grayling Mercy Hospital suffering chest injuries. The accident occurred about 2 1/2 miles south of Grayling.

At 1:30 p. m. Tuesday afternoon, a car driven by Robert Phillips of Detroit went out of control on US-27 about 2 miles south of Grayling and turned over. The car was a complete wreck and Phillips received a very severe arm cut. His wife received back injuries. The couple's two children were uninjured. As the Phillips' car went out of control, it struck the rear of a car driven in front by Lucien Grenier of Manitoba. Neither he, his wife or mother who accompanied him were injured and the car was not badly damaged.

An hour later, a car driven by James Eagan of Litchfield turned over on M-78 south of Grayling near the Fletcher Road. Eagan received minor cuts and bruises. His car was totally demolished. The car went into a skid on the wet blacktop and rolled over.

Man Killed In Rail Mishap

Funeral services were held in Mackinaw City Saturday for Roy J. LaComb, 55, of Mackinaw City, veteran New York Central railroad signal maintenance man.

Mr. LaComb was killed early Thursday when a passenger train ran down the railway motor car he was riding on a curve on the railroad's right-of-way, a mile south of Grayling.

The Rev. Fr. A. E. Bieniawski officiated at the rites held Saturday morning at 9 o'clock at St. Anthony's church, Mackinaw City. Burial was in Lakeview cemetery. The body was taken Thursday to the Nordman Funeral home at Cheboygan and late Friday removed to St. Anthony's church where it lay in state until time of the services.

Born Sept. 1, 1897 in Osceola, Mr. LaComb had been an employe of the railroad for 35 years. He was in charge of maintenance of signals on the NYC line between Mackinaw City and West Branch and used the railway motor car on his job. Railroad officials, who are conducting an investigation of the accident, said they had been unable to determine whether LaComb was returning to his home in Mackinaw City or why he was on the right-of-way at 12:10 o'clock in the morning when he was struck.

LaComb, a longtime resident of Mackinaw City, is survived by his widow and several children.

Reynolds Funeral Held Thursday

James Reynolds, age 58 years, a resident of Grayling for close to 35 years, passed away at the Veterans' Hospital in Saginaw, on July 28th following a lingering illness of a year's duration.

"Jim" was born in Au Gres, Nov. 18, 1894 to Mary Jane Reynolds and the late James Reynolds and came here with his parents in 1919, and he had resided here since that time. He served during World War I with the Polar Bears in Russia for two years. Until his illness forced him to give up his work he was employed for the New York Central railroad. And from that time he had been back and forth between the Dearborn and Saginaw Veterans Hospitals, until his passing.

Although "Jim" took no active part in sports he loved all the various games and there never was a basket ball or base ball game but what he was always on hand. He had never married but made his home with his mother on Lake Street. He was a member of Grayling American Legion Post No. 106.

Funeral services were held Thursday morning at 10:00 at St. Mary's church, Rev. John A. Breitenstein officiating. Members of the Legion attended in a body and he was interred in Elmwood cemetery with full military honors. Serving as pallbearers were Joseph Kolka, Earl Broadbent, George Lowe, Lyle Bilsby, James Post and William LaChapelle.

Surviving the deceased besides his mother are five sisters, Mrs. Elsie Raino, Detroit, Mrs. Minnie Green, Roscommon, Mrs. Nell Reid, Mrs. Jessie Smock and Mrs. Marian Hanson, Grayling and four brothers Owen of Spokane, Wash., Claude of Muskegon Heights, Harry of Midland and Don of Mt. Pleasant.

The following from out of town were in attendance at the funeral: Claude and Gordon Reynolds, Mrs. Thomas O'Brien, Muskegon Heights, Mrs. Ellis Orr, Bear Lake, Don Reynolds and Howard Smock, Mt. Pleasant, Mr. and Mrs. Harry Reynolds and Mr. and Mrs. Dick Reynolds, Midland; Mrs. Harry Raino, Detroit; Mr. and Mrs. Herman Hahn, Turner; Mr. and Mrs. Owen Reid, Twinning; Mr. and Mrs. Jack Green, Roscommon; Mrs. Oscar Smock, Frederic.

The report by Franklin P. Hills and George Griffiths, co-chairmen of the Memorial Gifts Committee of the Grayling Mercy Hospital Building Fund, that \$19,800 has been raised to date by the committee was a great encouragement to everyone interested in having a new modern hospital, the campaign executive committee stated. "We are inspired by the marvelous response on the part of both summer residents and local citizens in getting the campaign off to a good start," the committee added.

Among those who have taken memorial rooms along with the room selected in the proposed new hospital are Mr. and Mrs. Franklin P. Hills, dietary kitchen; James B. Webber, Sr., semi-private room; Mr. and Mrs. Newton Skilman, private room; Mrs. Thomas Cassidy, semi-private room; Mr. and Mrs. Fred R. Welsh and family, semi-private room; Mr. and Mrs. Roy DeWitt and family, semi-private room.

The next report meeting of the memorial gifts committee, which has a goal of \$125,000, will be held at the AuSable River home of Mr. and Mrs. Franklin P. Hills on Saturday, August 8, at 3:30 P. M. Among the members of the committee in addition to Mr. Hills and George Griffiths, are Fred D. Schroeder, Mrs. Warren E. Cooksey, Albert and William Pochelon, W. H. Hines, Roy Trudegon, William Joseph, Fred R. Welsh, Fred Bear, Charles Piper, Roy DeWitt, Dr. C. R. Keyport, Dr. C. G. Clippard, Dr. Elmore B. Henig, Dr. Louis F. Hayes and Dr. S. A. Stealy.

General solicitation of the summer residents in the Mercy Hospital service area will be conducted by a summer residents' committee which will be organized at the cottage of Mr. and Mrs. M. J. Houlihan at Cottage Grove, Higgins Lake, on Friday, August 7 at 4:00 P. M. This committee, which will have a chairman in each section, will contact all summer residents except those who are memorial prospects. The objective of this committee is \$50,000. With the summer residents' memorial gifts goal of \$75,000, the total summer residents' objective is \$125,000. Summer residents wishing to become volunteer workers in the campaign are urged to phone campaign headquarters, Grayling 3001, or contact any member of the committee or the Sisters at the hospital.

The total cost of building and equipping the proposed 42 bed hospital is \$750,000. Of this amount, \$300,000 must be raised in pledges which are paid over a three-year period. The balance of the needed funds will come from the Sisters of Mercy who will give up to \$200,000, and about \$250,000, in a government grant, based on about one-third of the total cost. The present wooden structure built originally to serve seventeen patients, is over-crowded most of the time, necessitating putting patients on beds in the halls.

Deer kill figures from the regular and "any deer" seasons held in the northern lower peninsula last fall were recently assembled from a number of poll and survey sources and put together in the above map. After seeing the results, conservation department game men pointed out that, happily enough, the two areas of heaviest kill as shown by the map were also the areas that needed the most thinning. Tree and shrub growths in the two areas have been heavily over-eaten during recent winters and proper herd management, starting with the any deer season last fall, is aimed at correcting this situation.

Our Incomes Buy More...

The Republican Leader, of Salem, Indiana, recently paid a well-deserved tribute to American retailing.

It said, "Retailing's contribution to the country can be pretty adequately expressed in one phrase—it has made more and better goods available to the average family, and it has made the family income go farther...."

"The income of today's average worker will buy substantially more than it did 10 or 15 years ago. Wages, generally, have risen to a greater extent than have prices. Retailing has made great strides in reducing the cost of operation, and these savings have been passed on to the consumer...."

"Advertising and modern business methods have enabled today's retailers to increase volume without the corresponding increase in overhead. As a result more people are able to buy more goods... It is true of business on a national scale. It is true of the merchant as an individual. The more business he can do, the less it costs him per dollar volume and the lower he can sell to his customers."

Today we can take mass-distribution for granted. But it is of comparatively recent origin. The pioneering work was done by the chain systems, and a generation or so ago there was widespread skepticism as to whether this revolutionary and trail-breaking concept would succeed. It did succeed, and other kinds of merchants adapted the idea to their own operations. Now all recognize that mass-distribution is every bit as important as mass-production. The one would be ineffective without the other.

What Car Belongs Here?

Not many people would hesitate in naming the car they feel belongs in that inviting driveway.

It's the entrance to a fine American home, with a tradition of gracious living behind its handsome pillars—and the car which so obviously belongs before it is a Cadillac.

But here is a fact which it is important to remember—a Cadillac likewise belongs in the driveways of millions of other American homes which are far more modest than the beautiful structure shown in the illustration above. For it is practical, as well as thrilling, to own a Cadillac.

Listen, if you doubt it, to these amazing and significant facts:

—there are twenty-two models of other makes of American motor cars which actually cost more than the lowest-priced Cadillac!

—a Cadillac will actually run farther on a gallon

of gasoline than numerous cars which are built and sold primarily for economy!

—a Cadillac is so dependable and long-lived that it is just about as economical to service and maintain as any car you could buy.

—and, finally—according to authentic used car evaluations—a Cadillac may be expected to return a greater percentage of its cost at the time of resale than any other car built in America.

In view of these significant facts, don't you think you should consider a Cadillac for your driveway? Whether you live in a mansion or a house designed for easy living—a Cadillac belongs.

You can buy a Cadillac for prestige and glamour—or you can buy it for economy and common sense. And whichever you buy it for, you'll get all four.

Better come in and see us today. We'll gladly give you the facts and a demonstration.

Letters To The
Editor

Blaney Park, Mich

July 25, 1953

To All Our Very Dear Friends:
 To all who suffer sorrow and
 anguish, as we have this past
 week, God gives strength to bear
 the burden of grief, strength that
 comes from within ourselves and
 that which comes from without.
 Inner courage we have and will
 ever seek from God in our daily
 prayers. For the external com-
 forts we have received we will
 always be deeply indebted to our
 good friends and neighbors.

It is the purpose of this open
 letter to bear witness of our grati-
 tude; a thankfulness that can
 never be expressed with a cold
 card of thanks. For we have been
 the recipients of such warm kind-
 nesses and spontaneous generosi-
 ties that we feel that we can
 never deserve or ever repay all
 that has been done for us. We are
 truly grateful for the privilege of
 living in a community of such
 kind people.

Our first and deepest expres-
 sion of gratitude must be to Father
 Breitenstein, who was such a
 pillar of strength to us in our time
 of trial. His guidance before
 Dick's last illness, his unceasing
 effort to provide him with all the
 comforts of our Holy Mother
 Church, his steadfastness during
 Dick's last hours despite his own
 personal anguish place us in will-
 ing indebtedness to him. To him
 we are grateful for the beauty of
 Dick's last rites, which will ever
 be a cherished memory for us.
 We will remember with joy the
 comfort of the Mass of the Angels
 the simple beauty of Father
 Grill's sermon, the voices of the
 children's choir.

Although Dick never liked hospi-
 tals, he loved the staff at Mer-
 cy Hospital. He had a special re-
 gard for the dear Sisters, who
 aided him so much by their pray-
 ers, and the nurses and aides on
 the third floor on whom he de-
 pended during his frequent ill-
 nesses. We shall ever remember
 them in our prayers of gratitude.

In our time of sorrow, so many
 people came to our aid. We must
 express our special gratitude to
 Dr. Henig, who so unselfishly as-
 sumed the responsibility of caring
 for our patients; and to Mrs.
 Goss and Miss Cardinal for their
 quiet competence in handling the
 details of the office so we could
 be together to lend each other
 comfort.

It has been our sorrowful but
 rare pleasure to be the recipients
 of kindnesses from many people.
 Among these were the kind and
 sympathetic understanding of
 Bud and Doris Sorenson. Their
 tactful sympathy during our
 hours at their home, the excel-
 lence of the arrangements and ap-
 pointments will always be a com-
 fort to us. Our town is fortunate
 to have people of such kind un-
 derstanding in their position of
 trust and responsibility.

Though the world seemed to end
 for us, still life went on. In our
 numbed frame of mind there was

no time for thoughts of temporal
 things. Yet we must eat, we must
 sleep, we must go on. In this re-
 spect we were favored by kind-
 nesses such as we never will
 know again. Lora Gould, Bea Cor-
 nell, Mary Welch and Eleanor
 Madsen took over the manage-
 ment of our home with such tact
 and sympathetic understanding!
 But for them our home would
 have been a barren tomb of mem-
 ories. The neighbors and friends
 who brought gifts of food under-
 stood our need for sustenance and
 our reluctance to bother — and
 responded in such numbers that
 we may never be able to thank
 them personally. Wac Lagrow, at
 much personal inconvenience, at-
 tended to our special problems of
 transportation, voluntarily and
 graciously. Billy Forbes, kind and
 understanding opened her estab-
 lishment to our visiting relatives
 — such a thoughtful gift! Words
 will never express our feeling of
 gratitude to all these kind people.
 We can only promise to pray for
 them daily.

To those who contributed to
 his memorial; to those who sent
 flowers and cards; those who
 came to see him in his lovely
 bier, we are grateful. We were
 especially heartened by the num-
 ber of children who came, un-
 afraid, understanding in their
 youth and innocence that death
 is but the door to the eternal
 bliss that God has planned for
 us. Their prayers aided him dur-
 ing life and I am sure that he will
 now intercede for them. We un-
 derstand also the reluctance of
 many of our friends to visit Dick
 in his bier or at his last rites, for
 them we ask God's strength and
 understanding of the true mean-
 ing of life and death.

Because we are mortal, we will
 always feel a sense of physical
 loss. Our hearts will be sad, our
 home will be somewhat empty
 for some time to come. Yet, in our
 faith we are certain that Dick re-
 sides in heaven with the angels.

DOES THE STATE OF MICHIGAN WASTE THE TAXPAYERS' MONEY?

Is taxpayers' money wasted? Of course, it shouldn't be. And the job of the Auditor General is to see that it isn't. The department he administers makes certain that all money is used as the legislature intended and approves each of the 200,000 checks written each month. This means handling out \$650,000,000 in state expenditures this year.

Present Auditor General is John Martin, Jr., a tall, quiet, handsome man, with wavy hair, prettily gray. Because he deals every day with Michigan's bank account, he is in a good position to discuss state financial matters.

Little danger exists of a deficit this year's state budget," stated Martin. "In fact," the Auditor General continued, "if sales tax returns maintain their present level and we collect what we expect from new business expenditures, we can probably reduce the deficit—perhaps by as much as \$1,000,000." Best estimates of revenues to come from the business receipts tax, according to Mr. Martin, amount to \$36,000,000 a year.

When smoke of suspicion rises state finance, the Auditor General is called in to see if there's really a fire. If things are not in order, it's his job to find the cause and recommend a way to prevent a recurrence.

This is exactly what happened several months ago when it was suspected that a school district in Michigan had been overpaid in the aid money because of false settlement figures supplied to the department of public instruction.

An investigation carried out by the Auditor General, working with state school authorities, showed that Michigan taxpayers had been defrauded out of some \$3,000 over a 10 year period. In addition, about \$28,000 could not properly be accounted for.

This school scandal, and a few others involving much less money, led to a new law requiring annual audits of all school districts. The legislation was recommended by the Auditor General and the state superintendent of public instruction. It was passed in the last legislative session.

School districts receiving more than \$100,000 from the state each year must have a Certified Public Accountant handle the audit. Districts receiving less are not required to employ a CPA but must have an audit.

"This will supply protection for anyone," explains Mr. Martin, "and school boards and superintendents will be free from suspicion and the taxpaying public will be overcharged."

Main responsibilities of the Auditor General's office amount to a sizable task. Briefly the office must perform these duties: 1. Audit records of all state agencies. 2. Audit books of all counties except Wayne which maintains its own auditing board. 3. Handle the collection of delinquent taxes. Pay bills.

Mr. Martin, now in his second year as Auditor General, is particularly suited for this task. A native of Grand Rapids, he graduated from U. of M.'s law school during World War II he was at various times a naval secret service agent in Europe, head of the national office of civil service and a member of the prosecutor's staff at the Nuremberg War Trials.

He has also represented Kent County in the state Senate.

"Government can be as efficient as private business and often is," Martin stated. "But is more difficult to maintain efficiency because there is no profit motive."

But he tries to supply a similar incentive.

When each audit is completed, it is submitted to the department head with any recommendations for changes in procedure that would improve service or lower cost. The Auditor General also requests a report from the department concerning what has been done about putting the recommendations into effect. This report is

often submitted to the Appropriations Committee of the Legislature. An unco-operative department head needs some good answers if he fails to act on the Auditor's suggestions.

"This threat to a department's appropriation in government acts much like a desire to make a profit in the business world," explains Mr. Martin, "and is a fine lever to secure increased efficiency."

Payroll padding and liquor stealing was recently uncovered in a Detroit Liquor Control Warehouse. An auditor's investigation revealed need for some new methods. They were suggested and put into effect. Improvements were almost immediately noticeable on the records.

All examples of the Auditor's functions are not so dramatic but every year they find 10 or 12 cases of embezzlement or instances where money is spent in an unauthorized manner. "These matters are usually small and relatively easily rectified," said Mr. Martin.

Questions sometimes arise concerning the Legislature's intentions. For instance, money was appropriated for a number of new

beds for a hospital. Does that mean for beds only, or for beds and other equipment needed to service the patients? Can part of this money be used to outfit quarters for the increased staff, laboratory equipment, more instruments, etc.? That question is under discussion.

Taxpayers can look with a little more understanding upon the problems of state finance when they consider the elaborate cure taken to get a dollar's value for a dollar spent.

For there can be little doubt that a keen Auditor General's staff can increase economy, reduce theft and embezzlement, and help guarantee efficient operation in government.

Ford brings you fine-car Power Steering at a new low price!

Now you can have America's newest, most improved power steering—Ford Master-Guide—for \$40 less than on other power steering in the low-price field.

Yes, you're reading right! Ford has added a brand new "Worth More" to its long list of fine-car features... Ford Master-Guide—the newest and finest in power steering... a system exclusive in Ford's field.

You're going to love this new kind of steering! A finger turns the wheel even

when the car's standing still. Imagine how helpful this can be whenever you're tightly parked! Yet on the road Ford Master-Guide, unlike some systems, gives you the same natural "feel" you'd have without power steering... and it's safer, too... takes hold only when you need it. Come in and try it!

Handling and parking's a pushover! With the car standing still, you can "dial" the steering wheel with one finger... Master-Guide supplies the "muscle" for you! Of course, Fords have always been easy to handle, steer and park. But Master-Guide does up to 75% of the work!

See it...Value Check it...Test Drive it today!

F.D.A.F.

NO RADICAL CHANGE IN DRIVING HABITS

There's no need to learn how to drive all over again with Ford Master-Guide. This natural feel comes mainly from having the force applied close to the wheels. Steering ratio is the same, so you really have complete control at all times!

SO SIMPLE... SO SAFE!

Master-Guide lets you turn with ease, since as you're used to driving on rutted roads it even safer. And should the hydraulic system ever lose its power (which is highly unlikely) the conventional steering system remains operative as usual.
